

# Widget Guide

the basic widget code like this:

```
<div class="widget">
  <div class="widget-header"></div>
  <div class="widget-content"></div>
  <div class="widget-footer"></div>
</div>
```

the header and footer are both optional, such as:

```
<div class="widget">
  <!--without header-->
  <div class="widget-content"></div>
  <div class="widget-footer"></div>
</div>
```

```
<div class="widget">
  <div class="widget-header"></div>
  <div class="widget-content"></div>
  <!--without footer-->
</div>
```

```
<div class="widget">
  <div class="widget-content"></div>
  <div class="widget-footer"></div>
  <!--footer only-->
</div>
```

the widget header colors:

- pink-bg-linear
- green-bg-linear
- grey-bg-linear
- white-bg-linear

- orange-bg-linear
- blue-bg-linear
- brown-bg-linear

```
<div class="widget">  
  <div class="widget-header pink-bg-linear"></div>  
  <div class="widget-content"></div>  
</div>
```
